Status of Electric Power Restoration

We have restored power to approximately 100% of JNEC's meters. We want to thank our members for their patience and understanding during this difficult time.

- We would also like to thank our local officials and Jasper-Newton-Sabine County EOC who helped us in our effort to restore power to our members. JNEC would like to give special recognition to Judge Truman Dougharty, Judge Mark Allen, Billy Ted Smith and Dr. Joe Burns for their outstanding contributions to the restoration efforts.
- *If your meter has been removed from its socket, please put the meter next to the meter can location to facilitate our restoration process. Be sure and check your main breaker after JNEC has energized your meter.*
